

Homework Policy

We provide one hour of quiet homework time to allow children the opportunity to complete their nightly homework. This is not a one on one tutoring time as we do not have the staff available to provide this service. Questions can be answered and quick explanations given but we cannot sit with each child for assistance.

Children who are disruptive and prohibiting others from getting their homework completed will be warned one time and then asked to leave the homework room even if their homework is not complete.

We will ask children if they have homework but will not search backpacks if we are told "no".

I, _____, am requesting that my child,

_____, do his/her homework during the allotted time at KSK. I grant my permission for staff to show my child this request if a problem should arise.

If you have any questions or concerns about homework feel free to speak with one of the homework teachers. Thank you!

I have read the KSK Homework Policy and discussed it with my child.
